## SUMMARY

---

Hi, my name is Matthew. I'm a Fullstack developer specializing primarily in Frontend development, experienced with frameworks and technologies like React, Angular, FastAPI and NestJS. I'm responsible, collaborative, and easy-going in team environments.

I have experience as a Project Manager, leading diverse teams on international projects, and I've also done consulting for startups and businesses.

## WORK EXPERIENCE

---

**Freelance, Frontend Developer** **Nov 2023 - Feb 2024**

- Built frontend applications with React and Next.js.
